

professionals, speaking more than 100 languages, at more than 300 offices in 40 countries. The first GAC operation was set up in Kuwait by Swedish entrepreneur Bengt Lindwall in 1956.

Scandia

Landyard sponsor

Scandia produces a leading concept brand in workwear and personal safety equipment, aimed exclusively at the maritime and offshore industries.

The company has existed for almost 40 years and holds ISO-9001 and 14001 certificates.

Ferrometal Group

Annual dinner sponsor

FERROMETAL GROUP

Ferrometal Group is a Spanish company developing a promising project about a vessel dismantling and recycling plant that will take place in Senegal

Ferrometal technology is able to recycle all kind of ships and offshore platforms through a dry dock and non contaminating dismantling process meeting the requirements dictated by different UN agencies like ILO and IMO regarding working conditions and environmental protection.

The project will have the capacity to dismantle 2 million tons of naval scrap per year and will be the world largest and effective ship dismantling plant. Construction starts in 3rd quarter 2012 with an investment estimated of 550 million Euros.

The project guarantees the creation of 1,500 jobs and a complete regional development plan, the turnkey project is developed by a prestigious engineering company. Ferrometal is seeking for equity investors to join this project in which the payback period is of 3 years.
